Advanced methods of teaching - SlideShare
Differentiated instruction is one of the most popular teaching strategies, which means that teachers adjust the curriculum for a lesson, unit or even entire term in a way that engages all learners in various ways, according to Chapter 2 of the book Instructional Process and Concepts in Theory and Practice by Celal Akdeniz. This means changing one's teaching styles constantly to fit not only the material but more importantly, the students based on their learning styles.

Teaching Methods and Strategies: The Complete Guide
Constructivist teaching methods: Contemporary teaching styles tend to be group-focused and inquiry-driven. Constructivist teaching methods embrace subsets of alternative teaching styles, including modeling, coaching, and test preparation through rubrics scaffolding.

Teaching Styles: Different Teaching Methods & Strategies ...

The term teaching method refers to the general principles, pedagogy and management strategies used for classroom instruction. Your choice of teaching method depends on what fits you — your educational philosophy, classroom demographic, subject area (s) and school mission statement. Teaching theories can be organized into four categories based on two major parameters: a teacher-centered approach versus a student-centered approach, and high-tech material use versus low-tech material use.
